Enterprize number plate

On 30 August 1835 the small topsail schooner Enterprize landed Melbourne's first European settlers on the banks of the Yarra River close to where Flinders and William Streets now meet. To commemorate the founding of Melbourne, the Enterprize Ship Trust, in conjunction with Vic Roads, have made available the 'Melbourne City of Enterprize' number plate. At \$289.50 it represents an excellent investment in Melbourne's past, present and future. Click here for an application form or to see the list of numbers available.
